

Fraction Dice Games

MIDDLE MUDDLE (comparing & ordering fractions - 3 players)

All players roll their dice and write down the fraction created. Then, students arrange the three fractions in order from smallest to largest to see which fraction falls in the middle. The person who rolled the middle fraction earns 1 point.

Player 1's fraction	Player 2's fraction	Player 3's fraction

FORWARDS & ONWARDS (comparing fractions - 2 players)

The goal is to be the player with the largest rolled fraction at the end of the round. Each player records their roll and decides whether to:

1 - roll in an attempt to roll a larger fraction or 2 - player may choose to freeze. (You may not use your first fraction if you choose to roll again.) The person with the larger fraction gets a point.

<i>Your fraction</i>	<i>< > =</i>	<i>Partner's Fraction</i>
